

# ERA | EPDM ROOFING ASSOCIATION

Members of the EPDM Roofing Association are manufacturers of a wide variety of roofing products, including many cool roof products. Together, these manufacturers represent the vast majority of the market of roofing products manufacturers in the United States.

The Colorado Roofing Association is the trade association for the roofing industry in Colorado. Representing over **275 roofing contracting companies**, roofing professionals, and related service providers the CRA is opposed to the cool roof mandate portion of the PMO.

**All of these companies and organizations are unified in their opposition to the cool roofs mandate portion of the proposed modified green roofs ordinance.**
